Mystery Shopping

Your home matters

Mystery Shopping

What is it and why are we doing it?

It's a method of market research that has been around since the 1940s and is now being used for tenant involvement. As a service provider we are using it to check the quality of our housing services and customer service standards. This process will allow tenants to give their point of view on the services we offer.

It is about using realistic scenarios for real tenant inter-actions to see how we treat those who use our services. The feedback will be objective and based on specific tenant experiences and if carried out regularly enough can reveal trends. From your feedback we can monitor results, highlight excellence, assist staff training and recommend improvement and changes where necessary.

It differs from tenants giving everyday feedback as it is more specific and robust with the individual shopper focused on noting down their observations in a rigorous manner.

What Mystery Shopping is not!

It is not an opportunity to catch staff out. But instead, it's a way to work with us to improve the services we deliver. Our staff are aware of mystery shopping but do not know exactly when it will take place.

Do I need any special skills?

You will need to be able to:

- Read through the materials
- Read and complete the questionnaire
- Make a phone call, email, use social media or visit the Association in person
- Visit the office for a meeting (when required)

How do I get involved?

Get in contact by whatever method suits you best. We get in touch and once we have met with you, discussed what is involved and provided you with all the materials you need you can get started.

How long will it take?

You will probably need about 10-15 minutes to contact the Association and then the same length of time to complete the questionnaire.

What will happen with my results?

Once we receive your feedback we will analyse your findings and present a report and action plan to our senior staff and if necessary recommendations to the Board of Management. Where there is outstanding customer service this will be fed back to the staff.
